With intersectionality at the core, the following areas have been identified as research priorities for 2020-22.

**Longitudinal Data**
The Hub will collect year over year data on gender+ participation and leadership across the Canadian Sport System. These datasets will be made available to researchers.

**The Nature of Experience**
What is the nature of the experiences of women and girls in different sporting roles (e.g., athletes, parents, coaches, referees, administrators, spectators and/or sport journalists) and in different levels/forms of sport participation (i.e., recreation, dance, competition, high-performance)?

**Evaluation and impact analysis of programs and interventions for gender+ equity in Canadian Sport**

**Evaluation of Programs/Interventions**
Its important to understand what is working and what is not in terms of the goal of gender+ equity in Canadian sport by 2035.

**Transforming to a Gender+ Inclusive Sport System**
Research that re-imagines the future possible sport system by identifying today the values, relations and worlds we aspire to build and live in tomorrow!
